

Amazon Packages: October 2026 report

Published October 19, 2026 · Monthly ABA report ·

Key numbers

6.9B

Amazon Logistics US
parcels, 2025 (+9%)
Pitney Bowes PSI 2026

18.9M

Per day (derived)
 $6.9B \div 365$

788K

Per hour (derived)
 $\div 24$

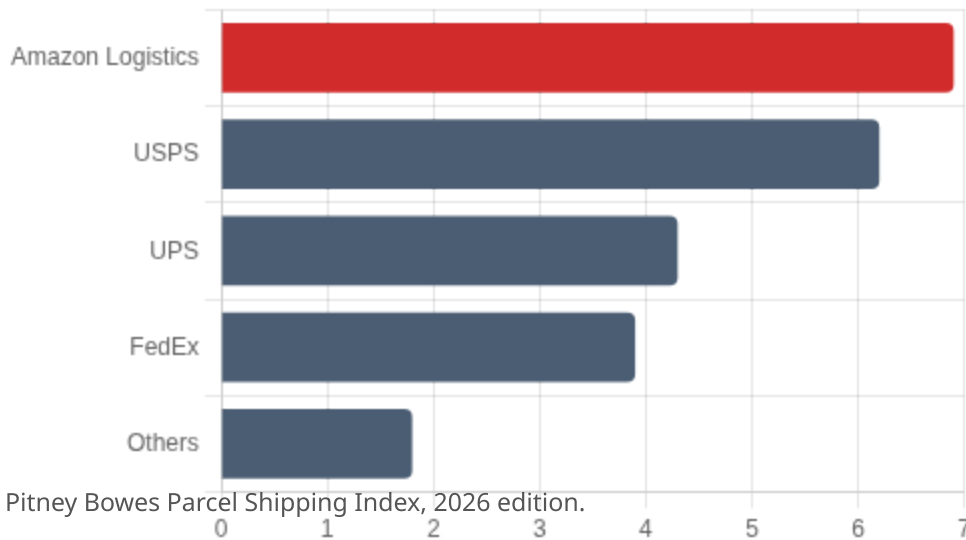

13,128

Per minute (derived)
 $\div 60$

~219

Per second (derived)
 $\div 60$

US parcel volume by carrier, 2025 (billions)

Projections (frozen) and projected vs. actual

METRIC	TARGET	PROJECTED	ACTUAL	STATUS
Amazon Logistics US parcels, calendar 2026 (billions)	calendar 2026	7.521	—	pending

Frozen 2026-10-19T20:45:00-05:00 in projections_ledger.json. Scoring rule: hit if within $\pm 3\%$ of first reported actual.

Methodology

Amazon doesn't publish live counts. Rates divide the annual Pitney Bowes estimate evenly. The 2026 projection applies the 2025 growth rate (9%). No seasonality is applied because no sourced monthly split exists. ShipMatrix estimates 6.7B for 2025.
